

Fastmark Keyboard Display Unit (KDU)

The Fastmark™ keyboard is an extremely user-friendly and powerful Keyboard Display Unit (KDU) accessory of the Fastmark™ Thermal Printer line. It supports the Fastmark™ Thermal Products in stand-alone applications for the creation and generation of barcode labels and tags.

The Fastmark™ KDU is compatible with both Datamax™ and Eltron™ printer programming languages, making this product extremely versatile. Bundled with the KDU is its powerful label design software package, Xbar™.

The XBar™ software solution is a software package with features that enable you to create labels and tags within a Windows™ environment and PC platform. Downloading your desired formats and forms to the KDU is easily accomplished in a click.

With its ergonomically designed PC Notebook size keypad, LED's, easy to read LCD display and secondary communication port for barcode scanned input, the Fastmark™ KDU makes the task of data key entry effortlessly.

Contents of the Fastmark™ KDU accessory include:

- Fastmark™ Keyboard Display Unit
- KDU user's manual
- RS232 serial cable
- Power adapter
- Barcode scanner port adapter
- XBar™ labeling software

Fastmark Keyboard Display Unit (KDU)

Specifications:
